

BEE BALL

INTRUDER IN THE HIVE!

A MURDER HORNET HAS INVADDED THE HIVE, AND YOU MUST BUILD A BEE BALL TO SURROUND AND KILL THE INVADER.

LUCKILY, THE HORNET IS TIRED FROM ITS LONG FLIGHT AND IS RESTING INSIDE THE HIVE.

YOU AND ANOTHER MALE BEE MUST CONSTRUCT THE BEE BALL AROUND THE SLEEPING HORNET.

*WHICHEVER BEE COMPLETES MORE OF A SUCCESSFUL BEE BALL WILL GAIN THE QUEEN'S FAVOR. BUT BEWARE: THE MURDER HORNET WILL AWAKEN SOON AND IF IT ESCAPES THE BEE BALL, **THE HIVE WILL BE DESTROYED.***

COMPONENTS

- GAMEBOARD
- 2 BEE (PLAYER) PAWNS
- 1 MURDER HORNET TOKEN
- 82 BEE/HORNET TOKENS
- 11 SIDE MARKERS
- 1 d12

On a player's turn, they move their Bee around the board, placing Worker Bees of their color. As soon as 5 Bees have been placed onto a side, the side is completed, and the player who placed the most Worker Bees on that side wins the side. Once all 11 sides have been completed, the player who won the most wins the game.

As each side is completed, the chance of the Murder Hornet waking increases. Once awake, it will attack the sides of the Bee Ball. If it attacks a side with no Worker Bees, the Murder Hornet escapes and **BOTH PLAYERS LOSE!**
